# Mobile Mammography and Cancer Screening Trailer Unit

REPUBLIC OF TÜRKİYE  
MINISTRY OF HEALTH

Mobile mammography & X-Ray clinics have designed to increase awareness on Women's Healthcare and early detection. Engineered and produced by Alkan Solution, mobile mammography and x-ray clinics aim to reach out to some of the most rural and underserved areas as well as inner city healthcare programs across Turkey. Custom-made mobile clinics accommodate any combination of the services your program provides.
